My favourite photo

One of my favourite photos is this one of my daughter Lorena and my cousin Paula.

I took the photo in the summer of 2004 when I was on holiday in the countryside with my family, only thirteen years ago.

We were in Peguerinos like every summer, a small town of Avila in the Natural Park of Guadarrama. We spent our last days of summer in grandma's house. Although the weather was very hot, the children were playing in the garden. In the morning the sun was shining and the girls were wearing hats. My daughter Lorena looked at the camera with a wicked smile but my cousin Paula laughed a lot and closed her eyes. When I took the photo, Paula's face was pure happiness.

I like this photo because it shows two happy children playing and I think that should be the face of all the children in the world.

I always have the photo on my phone, so I can see it at any time and I feel a little better. I also keep it on my hard drive.
